

## TScan Therapeutics Announces Closing of Public Offering

June 1, 2023

WALTHAM, Mass., June 01, 2023 (GLOBE NEWSWIRE) -- TScan Therapeutics, Inc. (Nasdaq: TCRX), a clinical-stage biopharmaceutical company focused on the development of T cell receptor (TCR)-engineered T cell therapies (TCR-T) for the treatment of patients with cancer, today announced the closing of an underwritten public offering of 23,287,134 shares of its voting common stock, at a public offering price of \$2.00 per share, and pre-funded warrants to purchase up to an aggregate of 47,010,526 shares of its voting common stock at a price to the public of \$1.9999 per pre-funded warrant, which represents the per share public offering price for the voting common stock less the \$0.0001 per share exercise price for each such pre-funded warrant. The gross proceeds to TScan from this offering, including the partial exercise of the underwriters' over allotment option, were approximately \$140.6 million, before deducting underwriting discounts and commissions and other estimated offering expenses payable by TScan.

Morgan Stanley and Wedbush PacGrow acted as joint book-running managers for the offering.

The Company intends to use the net proceeds from the offering for general corporate purposes. Following this offering, the Company expects its existing cash and cash equivalents will enable it to fund its operating expenses and capital expenditure requirements into 2026.

A registration statement on Form S-3 (File No. 333-268260) relating to these securities was filed with the Securities and Exchange Commission (the SEC) on November 9, 2022, and was declared effective by the SEC on May 16, 2023.
